#### **EBITDA and EBITDA %**

- Australia revenue down 3.5% (or up 5.2% excluding hepatitis C medicine sales and PBS price reforms<sup>1</sup>). Underlying EBITDA up 5.7% primarily from growth in Institutional Healthcare and Contract Logistics, partially offset by a subdued Wholesale Pharmacy result.
- New Zealand revenue up 8.7%, with solid growth from all business units. Earnings were impacted by cost increases in labour and freight in our wholesale businesses.

#### Revenue increase of \$3.9m or 1.0%:
